

**WEST BENGAL ACADEMY OF SCIENCE AND TECHNOLOGY ORGANIZES
ONE-DAY SYMPOSIUM IN COLLABORATION WITH
INSA, KOLKATA CHAPTER, AND BOSE INSTITUTE, KOLKATA
ON**

Health and Disease: A Molecular Perspective

Venue: Bose Institute, Centenary Building; Date: August 21, 2013

Local Convener: Prof. Pinak Chakrabarti (Email: pinak@jcbose.ac.in)

PROGRAMME

10:30AM: Welcome Address: Dr. Hemanta K. Majumder, Director Grade Scientist, IICB, India

10:40AM: Address by Chief Guest: Prof. Sibaji Raha, Director, Bose Institute, India

10:50AM: Introductory remarks: Prof. Dhruvajyoti Chattopadhyay, Guha Professor & Pro-Vice Chancellor (Academic Affairs), Calcutta University, India

11:00AM: Vote of thanks: Prof. Tanya Das, Molecular Medicine Division, Bose Institute, India

Tea break (11:05AM to 11:20AM)

Prof. S. P. Sen Session (11:20AM – 1:20PM)

Chairperson: Dr. Sekhar Chakrabarti, Director-in-charge, NICED, India

Speakers: Prof. Sankar Ghosh, Head, Department of Microbiology and Immunology, Columbia University Medical Center, New York, USA
Regulation of NF- κ B by atypical Ras-proteins in inflammation and cancer.

Prof. Gourisankar Ghosh, Professor of Chemistry and Biochemistry, University of California, San Diego, USA
Dynamic Assembly of the Spliceosome.

Lunch (1:20PM to 2:00PM)

Prof. S. Mukherjee Session (2:00PM – 4:00PM)

Chairperson: Prof. Parimal Sen, Head, Molecular Medicine Division, and Dean, Bose Institute, India

Speakers: Dr. Avijit Choudhury, Department of Gastroenterology, SSKM Hospital, India
The mechanistic studies in anti-tubercular drug-induced liver injury.

Prof. Ajoy Ray, Vice Chancellor, BESU, India
Molecular imaging and recognition of disease patterns.

Tea (4:00PM onwards)
