

CSIR Integrated Skill India Initiative

Training Course on High Performance Liquid Chromatography (HPLC)

CODE: IICB-HPLC

CSIR-IICB proposes one training course on “High Performance Liquid Chromatography (HPLC)” to generate skilled human resources for pharmaceutical and phytochemical sectors. The course is specially targeted to candidates having chemical/pharmaceutical background with basic knowledge in organic chemistry.

Educational Qualifications: B.Sc/ M.Sc. in Chemistry and B. Pharm/M. Pharm

Training Curriculum:

- Introduction and principles of HPLC
- Technique, instrumentation and applications of HPLC
- HPLC method development – qualitative and quantitative
