

CSIR - Indian Institute of Chemical Biology

CSIR-IICB PhD Programme March 2021

CSIR-IICB Announces

Entrance Interview for CSIR-UGC (NET)/ ICMR/DBT- JRF/DST INSPIRE qualified candidates

CSIR-IICB offers exciting opportunities for doctoral work in trans and inter-disciplinary areas of chemical and biological sciences in an integrative way. Under following broad divisions, there are ample scopes to work in frontline areas, amongst others:

Cancer Biology & Inflammatory Disorder

<https://iicb.res.in/index.php/cancer-biology-and-inflammatory-disorder/>

Cell Biology & Physiology

<https://iicb.res.in/index.php/cell-biology-and-physiology/>

Organic & Medicinal Chemistry

<https://iicb.res.in/index.php/organic-and-medicinal-chemistry/>

Infectious Diseases and Immunology

<https://iicb.res.in/index.php/infectious-diseases-and-immunology/>

Molecular Genetics

<https://iicb.res.in/index.php/molecular-genetics/#begin>

Structural Biology & Bioinformatics

<https://iicb.res.in/index.php/structural-biology-and-bioinformatics/>

The PhD programme of CSIR-IICB includes a compulsory credit-based PhD course work.

Eligibility and date of Interview: –

The eligible candidates (CSIR-UGC (NET) / ICMR/DBT and also for INSPIRE-DST) are hereby informed to visit our web site (<http://www.career.iicb.res.in/>) for the details of advertisement.

The entrance interview date: 16th & 17th March 2021
